

Brief Specification

EME were responsible for the complete mechanical and electrical design for the new-build tennis facility in Grantham.

The works included new utility supplies into the building, BMS control, heating, ventilation, and air conditioning systems, external lighting, general lighting including intelligent lighting control, general power, fire alarm, CCTV, access control, intruder alarm, TV/AV and data cabling.

Particular attention to detail was required to co-ordinate the mechanical and electrical services throughout the exposed building fabric of the project.

Project Type: Fixed price lump sum Mechanical and Electrical Design and Build for Clegg Construction

Project Duration: Commenced December 2013, completed April 2014

Project Value: £535,000
